Copy of letter from the Convenor, Welfare Extension Project, South Kanara, Udipi, dated 10th March 1955 to the Minister for Industries, Government of Madras, Madras.

Sub: Welfare Extension Project - Distribution of charkas to welfare centres in Udipi Taluk - Supply at concessional rates - requested

---

Under the above Project of the National Extension Scheme, five centres are functioning in Katpadi, Belpu, Karkal, Malpe and Padubidri and one more is proposed to be inaugurated shortly in Manipal, all in Udipi Taluk. The scheme is working under the guidance of the Social Welfare Board at Madras and is being managed by an Implementing Committee, with the Collector of South Kanara as its President and other representatives of Women's organisations etc. in the District as members. It is sponsored by the Central Welfare Board for the welfare of women and children and is financed by to the Extent of 50% by the Government of India, 25% by the Government of Madras, the rest being met by local contributions.

These centres are multi-purpose in nature and primarily attend to the maternity and welfare of children and vocational measures for their economic emancipation. It is proposed to supply 10 to 20 charkhas to each Centre so that women and children in the locality may spin and develop love for Khadi.

Having regard to the laudable object of the scheme and several sisters in the villages deriving benefit thereunder, I request you to order supply of about 100 charkas and six sets of Ginning and Carding machines at best concessional rates for supply to these centres, at an early date. If there is any provision, these may be supplied free of cost.

As this purchase is authorised under the Budget for 1954-55, I request you to treat this as specially urgent and arrange supply of them before 31.3.1955.

A copy of this letter is being sent to the Colledtor of South Kanara for his recommendation.
